NEW MARSHALS WANTED AND WELCOME

Marshalling is for anyone who is interested and wants to be involved in the race meeting. Special skills or qualifications are not required to start with; just common sense and a reasonably developed sense of self preservation. You will always be welcomed into the friendly and enjoyable group of marshals and initially placed with an experienced marshal to show you the way. As you become more involved, you will be able to take advantage of the training which is offered by the Association.

Remember, WITHOUT MARSHALS RACING CAN NOT TAKE PLACE.

So please consider marshalling and join us at the roadside at our next meeting.
